

## **Gavial Receives Perfect Marks on ISO 9001:2000 & AS9100 Rev B w/out Design Audit**

**Santa Maria, CA (January 13, 2010)** – Gavial Engineering & Manufacturing, Inc., a leading custom electronic manufacturing services company, received perfect marks during their December 18, 2009 ISO9001:2000 & AS9100 Rev B w/out Design quality audit. The audit was performed by Ron Tarach, Lead Auditor for Smithers Quality Assessments, Inc.

Tarach noted that Gavial's quality system was found to be suitable, appropriate and effective. He went on to note that Gavial continues to have a fully involved and supportive management. The shop continues to be well maintained and organized. Through the use of the management system, Gavial continues to have a high level of customer satisfaction. He went on to recommend continued certification for Gavial.

Lloyd Todd, Jr., Gavial's Quality Assurance Manager/Quality Management Representative recognized the results of the audit were due to the outstanding, concerted efforts by the entire Gavial team.
